

# Use the overlay

---

**URL:** <https://docs.grassfish.com/docs/overlay>

**Archiviert am:** 2025-07-17 18:43:20

---

The overlay displays playlist information and all current player downloads.

## Access the control bar

---

You can use the control bar or function keys to display or hide overlay components.

- To access the control bar, press **F2**.
- To close the control bar, press **F2** again.

## Use controls

---

The control bar provides the following options:

### Playlist information

- Access current playlist and all spots it contains.
- Press **F3** to display or hide.

#### Download information

- Display all spots and media currently downloading to the player.
- Press **F8** to display or hide.

#### Info window

Open the info window. For example, to enter the current password.

#### Play next

Play the next spot from the playlist.
