To quickly initialize the player, perform the following steps:

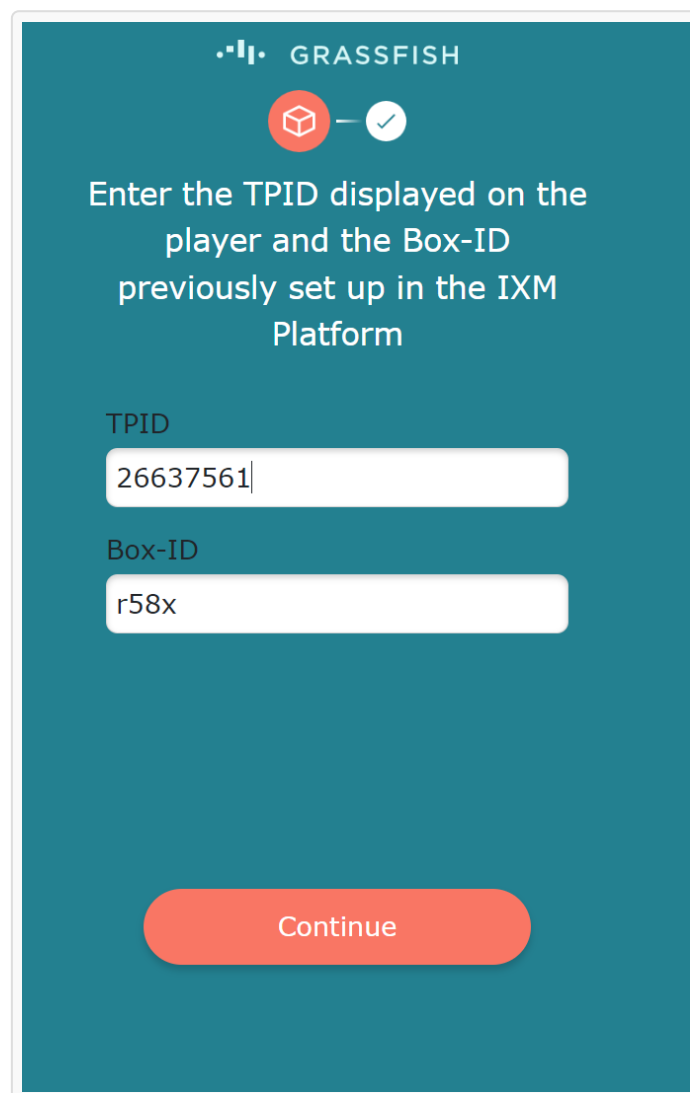

1. Start the player.
2. Note the TPID that you see on the screen.

3. Open the provisioning website via the custom URL.
4. Optionally, select a language from the menu at the bottom left.
5. On the provisioning website, select **Quick install**.

6. Enter the **TPID** and **Box-ID** of the player.

The image shows the 'Enter the TPID and Box-ID' screen. At the top, there is a logo consisting of three dots and the text 'GRASSFISH'. Below the logo, there is a red circle with a white cube icon and a white circle with a black checkmark icon. The text 'Enter the TPID displayed on the player and the Box-ID previously set up in the IXM Platform' is centered. Below this text, there are two input fields. The first field is labeled 'TPID' and contains the text '26637561'. The second field is labeled 'Box-ID' and contains the text 'r58x'. At the bottom, there is a large orange button labeled 'Continue'.

7. Click **Continue** to initialize the player.
